

Miracle at Women's Retreat

Rev. Geneva M. Bazille had a miracle that took place at the Women's Retreat held in Mississippi sponsored by a local church in Baton Rouge, Louisiana. In the Saturday night service held on October 9th, 2004, Geneva was prayed for and ministered by a prophetess. Upon returning to her seat, the Holy Spirit instructed Geneva to turn around in her chair and put her left finger into her left ear (to stop sounds from entering her left ear). Immediately, she was able to hear. She jumped up and announced to a group of women that she can now hear in her right ear after 32 years.

32 years ago, Geneva lost her hearing in the right ear due to an operation needed to remove a tumor lodged in her brain and right ear. The hearing loss in the right ear was zero percent and permanent.

During praising and thanking God for her miracle, the Holy Spirit instructed her to call the Audiologist (Hearing Specialist whom documented her hearing loss). The doctor completed the Audiological evaluation Assessment (test) and validated that she had 70% of hearing back in the right ear. The test was done on Geneva's birthday on Octo-

ber 14, 2004.

The Holy Spirit gave Geneva a MIRACLE ASSIGNMENT "Go tell your family, friends, neighbors, and the entire world; how the Lord has blessed you with the gift of hearing again and that God is still on the throne and hears his people cries. Also, that he is mindful of his people twenty-four hours a day; seven days a week; and three hundred and sixty five days a year; God also said that he performed this miracle to give his people courage and hope."

At this time, Geneva will praise, glorify, and magnify God for this First Anniversary, (October 9th, 2005), of this miraculous healing and thanking Him for his mercy and grace.

Geneva gives a heartfelt thanks to all pastors from various denominations (Apostolic, Baptist, Church of God, Church of God in Christ, Church of God of Prophecy, Full Gospel, Interdenominational-Non-Denominational, Methodist A.M. E., and Pentecostal) for the opportunity to share the "MIRACLE ASSIGNMENT" (testimony) with their congregations. The testimony reached many geographical areas in the United States. The anointed testimony had people crying, clapping, exalting,

laughing, praising, rejoicing, shouting and the Glory of God arose with the peace, presence, and power of God. The feedback from the testimony was healing in their mind, body, soul, and spirit (there were several miraculous restoration of hearing loss), and deliverance from bondages. The testimony enhanced encouragements, strengthening and stretching their faith to the impossible, and how to perseverance. Nevertheless, Geneva had the people speak into her right ear, and she could correctly repeat what was said to her in her right ear to build up their "Faith in God."

Finally, Geneva gives thanks to THE WEEKLY PRESS (one of the local newspaper in Baton Rouge, La.) for printing her article 32 YEARS DEAF, NOW SHE HEARS in the November 11, 2004 issue.
